

Product Data Sheet

SORB^{®XT} Conductive Barrel

Article	SORB ^{®XT} CB220
Article No.	100607
Dimensions (mm)	Ø 582 x H 942
Weight	8,50 Kg
Absorption capacity	220 L

Product Information:

Product information

- Wide neck drum – 220 litres
- L-ring drum Ex-protected
- Outer layer of conductive material
- Earthing of the filling material via contact strips
- Protects sensitive components against charging and electrostatic discharge
- Suitable for use in Ex zones 1 and 2
- Filled with 100% natural SORB^{®XT} natural fibre

Storage

- Store dry and with low humidity to avoid mold

Properties

- Antistatic
- Two side handles
- Extra large filling opening (Ø 581 mm)
- Maximum filling temperature 80°C
- Stackable
- Closures 2 x 2" (S70x6 + S56 x 4)
